FOR IMMEDIATE RELEASE

Oliver Machinery Makes the Best Benchtop Planer on the Market Better

With new HCX Helical Cutterhead, new features and updates.

(SEATTLE, WA, September 9, 2024) Our 10044 Benchtop Planer is a tough act to follow. However, we have acted on customer feedback to improve existing and add new features. We are thrilled to announce the launch of our 10045 Benchtop Planer.

New Key Features Include:

- Two-Speed Gearbox for Versatile Feed Rates
- Authentic Oliver HCX Helical Shearing Cutterhead
- 13-Inch Cutting Capacity
- Robust Steel Top and Carry Handles
- Heavy-Duty Power Switch with Lock-Out
- Adjustable Infeed/Outfeed Tables

Additional Features:

Powerful 2HP 1Ph 15Amp 115V Motor, 4-Post Design for Cutterhead Alignment, Built-In Carriage Lock, Wixey Digital Readout (DRO), Easy-to-Read Elevation Crank Scale, On-Board Adjustment Wrench Storage, 4-Depth Stops for Quick Set-Up, Front Material Removal Gauge, Fold-Up Extension Wings, Blower for Chip Ejection, Dust Port for Hose Hook-Up, Safety Switch with Overload Protection, CSA Listed.

The Oliver 10045 13" Planer is now available at Oliver retailers.

About Oliver Machinery: Founded in the late 1800's by Joseph W. Oliver and under the current ownership since 1999, Oliver Machinery is a leader in woodworking technology. Committed to delivering innovative and high-quality machines designed to meet the needs of professionals and hobbyists alike. Our products are engineered with precision, durability, and user convenience in mind, ensuring superior performance and reliability.
